Technology and services

Raahe Vocational Institute

- Raahe Vocational Institute was founded in 1962.
- Our main places of operation are located in the Raahe sub-region, but we provide education across northern Finland and nationally.
- Our organisation currently has around 140 employees, plus a network of 150 experts/ partners.
- We offer vocational upper secondary education and training in technical fields (metal, electrical, vehicle, and construction engineering), restaurant services (restaurant cooks and waiters), hairdressing, and chemistry.
- We have around 1,300 students.
- We take pride in the quality and effectiveness of our education! Up-to-date supply of education to meet the needs of commercial and industrial life.
- We engage in active cooperation with business life in the Raahe sub-region, nationally and internationally.
